SPLENDID CONCERT

One of the most successful and
pleasing concerts ever put on by lo-
cal talent in Vulcan was staged in the
Opera House on Friday evening last
by members of the Senior and Juve-
nile Choirs of the Union Church and
other local talent under the very able
leadership of Mrs. Marshall Gooch,
leader of both choirs and organist at
the church. The object of the concert
was to raise money with which to
purchase music which the choirs
are badly in need of and in order to
run as a separate organization inde-
pendent of the Board of Management,
it was proposed to raise its own funds.
The possibility of a concert was dis-
cussed and agreed to and a date ar-
ranged which only gave the members
about ten days in which to practice
and perfect themselves. So great
was the enthusiasm of all concerned
that this time was not thought too
short and they commenced operations
at once and worked hard with the re-
sult that everyone in attendance was
more than pleased with it and it was
the unanimous verdict that it was the
"Best Show" ever put on in Vulcan.

The Opera House seats 325 people;
but so great was the enthusiasm of
the performers that they would have
a full house that they thought this
number of seats would not be suffi-
cient to accommodate the large crowds
expected and in this they were right,
for after putting in about thirty ex-
tra seats they were still short and
when the curtain rose at 8 o'clock the
house was crowded, dozens being un-
able to obtain a seat.

The opening number was given by
the Juvenile Choir and their render-
ing of "Jingle Bells" was well received.
This was followed by a duet by
Mrs. Esham and Miss Davis, entitled
"The Japanese Sandman" which also
had a hit. Little Helen Simington
was next with a recitation which she
gave in her usual good form and gained
her an encore. Mrs. Daffield very
pleasingly rendered a solo "Love's
Garden of Roses," which was followed
by an instrumental number by A.
J. Ober, bandmaster of the Vulcan
Citizens' Band, which drew an encore
which was responded to with another
good number. Mr. Shear then rendered
a solo entitled "Ah, I have sighed
to rest me," in which he was assisted
by the senior choir, supposed to be
chanting in a monastery. The solo
was well rendered and equally well
received by his auditors. A ladies'
chorus was the next and, costumed as
gipsies, sang a "Gipsy Chorus." The
setting of the stage, acting and sing-
ing in this number made it easily the
best number on the program and they
certainly deserved the rousing encore
which was accorded them. The men's
chorus came next and their rendering
of the "Anvil Chorus" drew forth a
splendid show of appreciation and this
was responded to by a repeat.

The second half of the program
was again opened by the children in
a chorus entitled "Butterfly Boat,"
which was well rendered and well re-
ceived as was their opening number.
Mesdames Rolston and Wunderlick
then rendered a duet entitled "Our
Yesterdays," which was so pleasingly
given that it also drew forth great ap-
plause and an encore which was re-
sponded to. Mr. Cooke, in his inimi-
table manner then gave a solo "Wait
till the cows come home," which fairly
brought down the house and he then
sang "Margie" with the choir support-
ing him in the chorus. The male
quartet, composed of Messrs. Shear,
Cooke, Gooch and Wilson, was the
next on the program and the manner
in which these artists rendered "Ken-
tucky Babe" was all that could be de-
sired was amply testified to by the ap-
plause given and an encore was re-
sponded to. W. D. Allan then sang
that well known song, "My Ain Folk"
in a very pleasing manner which was
also well received and this was fol-
lowed by a recitation by Miss Caissie,
the applause to which again fairly
brought down the house and the en-
core was responded to by another
number. Next came the men's chorus
in another number, the "Admiral's
Broom," for which they were costumed
as sailors. This is an old well known
song, but with the addition of two
verses dealing with the British and
German navies it is more popular than
ever and it certainly made a hit for
when the curtain went down the de-
mand for more was so great they gave
the last verse again as an encore.
This was immediately followed by the
singing of "Oh, Canada," the men be-

ing in two lines in the centre of which
was the Union Jack. This was fol-
lowed by "God Save The King," during
the singing of which the sailors stood
at the salute, and their singing which
was joined in by the audience of three
hundred and fifty voices very fervent-
ly was ample testimony that they
were in accord with the British Navy
in that the "Old Flag Shall Never
Fall."

In the first half of the program we
omitted to mention the recitation by
little Miss Marion LeBow, who is a
very clever artist in this line and her
recital about the Jock during the late
war was very humorous and well re-
ndered which called for an encore which
was responded to by another number.
It was the opinion of everyone pres-
ent that the affair was one of the best
concerts ever staged in the town and
if the few doubting Thomases who
were known to be busy with their
little hammers had been there, they
too, as well as those present, would
have had their eyes opened as to the
abilities of these people to put on a
first class concert. Great praise is
due to Mrs. Gooch for her untiring
efforts in the training of all taking
part and to the choirs as a whole for
the splendid support given her. Special
mention should also be made of the
untiring efforts of Mr. Graeco and Mr.
Atkinson, who so willingly gave of
their time and efforts in the make-up
of those taking part and a great deal
of the success of the performance is
due to them for the party they played
behind the scenes.

ENTERTAINED TO SUPPER

The concert over the senior choir and
friends, including all those who took
part in the program were invited to a
splendid supper given by the Ladies' Aid
of the Vulcan Church. Everyone was
only too pleased to take advantage of
this kind invitation and journeyed over
to the Church where coffee and sand-
wiches, cake, etc. disappeared as if by
magic and was thoroughly enjoyed and
appreciated. Mrs. Marshall, president
of the Aid then gave a few words of
welcome to all present and thanked the
choir for the splendid entertainment
they had just given. This was respon-
ded to by Mr. N. B. Wilson, president
of the choir in a very suitable manner.
Thanks were then extended to Mrs.
Gooch for her untiring efforts which
largely contributed to the success of the
concert to which Mrs. Gooch briefly
responded. Mr. Graeco and Mr. At-
kinson were also thanked for their ser-
vices behind the scenes to which Mr.
Atkinson responded in a way that
brought smiles to the most serious mind-
ed present and this concluded one of the
most enjoyable times yet held.

HOCKEY CLUB "SMOKER"

The Smoker and Dinner given by
the members of the Vulcan Hockey
Club on Wednesday evening last was
a huge success. About nine o'clock
the members with about sixteen in-
vited guests sat down to a delightful
dinner which was served by Lem
Brothers and to which all the boys
did full justice. The chairman, Max
Rutherford, explained that before
starting the evening's entertainment
there was a little business to attend
to and that was the election of a pres-
ident and vice-president for the sea-
son of 1921 and 1922.

Moved by Max Rutherford, second-
ed by Bob Simington, that Roy Fer-
guson be appointed president.—Car-
ried. Moved by Max Rutherford,
seconded by Howard Marcellus, that
F. M. Anderson be appointed vice-
president.—Carried. A motion was
then put before the meeting that the
Vulcan Hockey Club and the Baseball
Club be united under the name of the
"Vulcan Athletic Club." Moved by
Bob Simington, seconded by Fred
Simington.—Carried. It was also de-
cided to hold a dance if possible, on
Friday, April 1st.

After all the business had been at-
tended to the chairman suggested that
everyone present had to contribute to
the evening's enjoyment either by
song, dance or story, but as time would
not allow of so big a program the fol-
lowing gentlemen obliged: A. J. Ober
gave several instrumental selections
which were greatly appreciated, Jack
McKenzie sang a song entitled "My
Sailor Sweetheart," which had to be
repeated several times to satisfy the
audience. Mr. Dowling contributed
several songs and stories and Fred
Simington sang a song entitled "Call-
ing Me Back," which was well ap-
plauded. Slim Atkinson put forward
several conundrums, finishing with a
very touching story entitled "What
was It." Bob Graeco also took part
and finished this part of the evening's
entertainment with a recitation enti-
tled "The Irish Woman in Court," which
was very satisfactory to all present.

The latter part of the evening was
spent in cards, dancing and a sing-
ing song, the boys dancing to music sup-

plied by a gramophone kindly lent by
Mr. D. C. Jones.

The gathering broke up about 1.30
a.m., having just about had enough
for one night but fully satisfied that
it was the best time they had ever
had. Those present were: Roy Fer-
guson, F. M. Anderson, Max Ruther-
ford, Bob Simington, Jack McKenzie,
R. Robson, Glen Torgerson, Dowling,
A. J. Ober, Cook, Creighton, Lever-
ington, Marcellus, F. Simington, Ross
Walker, Slim Atkinson, Bob Graeco
and Capt Thomas Logan.

A TERRIBLE MISTAKE

The death took place at his home
on Tuesday, March 1st, of Mr. Hart-
ley Hoyt, under most distressful cir-
cumstances. During the afternoon
he felt a little indisposed and decided
to take a dose of salts. He entered
the pantry and took down a parcel
what he supposed to be salts, return-
ed to the kitchen and prepared a dose
meanwhile conversing with members
of the family. Upon swallowing the
dose he remarked that it was very
bitter, and only then realized that he
had partaken of a deadly poison,
which in a very short time caused
his death. When the deadly mistake
was known, calls were sent in to Dr.
Burke of Blackie and Dr. Carson of
Vulcan, who rushed out to do what
they could but before they got there
Mr. Hoyt had breathed his last. The
news came as a great shock to the
people of Blackie and district and
the deepest sympathy is expressed to
the family in their great bereave-
ment.

Mr. Hoyt has not been resident for
long in this community, coming here
last June when he purchased from
Dickinson Bros., their farm north-east
of Blackie. He came from New
Brunswick and was making prepara-
tion for an active spring season. A
son only arrived here about a week
ago to assist in the farm operations.
Dr. Buswell, coroner of High River,
was out on Wednesday, and he did
not deem an inquest necessary as
there was no doubt that his death was
due to accidental causes.

It appears that a package of stry-
chnine had been left in the pantry and
as there is a similarity in the appear-
ance of both, Mr. Hoyt unfortunately
took the parcel of gopher poison in-
stead.

SALE DATES

The Duteau and Bosquet Sale which
is to be held on Friday, March 11th,
will beat the farm of Mr. Archambell,
which is 2 miles south, 6 miles west
and 4 miles north of Vulcan, at south-
west quarter of section 19-17-25-4.
Look for bills and large advt. in this
issue.

On Tuesday, March 15th, Mr. A. E.
Ferguson will offer for Public Auction
at southeast quarter of section 22-
18-22-4, on what is known as the old
Solberg farm, being 24 miles north-
east of Vulcan. See bills and large
advt. on another page.

Thursday, March 17th, H. L. Ste-
phens and W. O. Torgerson are having
a joint Auction Sale at the northwest
quarter of section 32-17-23-4, being 6
miles north and 5 miles east of Vulcan.
Look up bills and advt. in this issue.

Combination Auction Sale at the
Rebbe Auction Mart, Saturday, March
12th, for further information phone
Shimp & Rebbe. Entries solicited.

COMMUNITY CLUB LUNCHEON

The second monthly luncheon of the
Vulcan Community Club will be held
in the banquetting rooms of the Odd
Fellow's Hall on Friday evening the
18th instant at 7.30 p.m. sharp.

The Ladies' Aid of the Union Church
have kindly consented to provide the
dinner and the Club has been fortun-
ate enough to secure the services of
Mr. D. H. Elton, Lawyer, of Leth-
bridge, who will give his celebrated
lecture on "The Gospel of sunshine."
We expect that this will be the most
elaborate and pleasing luncheon of its
kind ever put on by the Club. Tickets
are 75 cents each and are now on sale
by the following men: Messrs. But-
chart, Charters, Colwell, Lindsay, F.
A. Elves, Torgerson and Spooner. Se-
cure your tickets early and keep this
date open.

Mrs. Art Neiman spent several days
in Calgary last week visiting with re-
latives and friends.

Mr. E. M. Hollister was a business visitor to Vulcan for several days the past week. Mr. Percy Peterman, of Hanna, was a visitor to Vulcan for several days last week on business.

ALBERTA

WILL PASS COMPREHENSION

On August 7th, 1911, Roderick McKenzie, a pioneer settler living west of the town of Peace River, started for Edmonton with a bull team. Arriving here, he spent a month in the purchase of supplies and then commenced the journey towards home, which he reached on the 1st of April. His actual travelling time can be calculated. On Sunday last at noon, the two men-

oplanes of the Imperial Oil company, carrying seven men and a thousand pounds of equipment, left Edmonton for Peace River, which they reached in three hours. Such changes in transportation facilities in the north having taken place in less than ten years, what may we not expect in the next ten?—Edmonton Journal.

Champ Clark, of the United States died last week.

MOVING PICTURE CENSORSHIP

Howard Douglas, the chief moving picture censor for Alberta, at the request of W. M. Davidson, member for North Calgary, gave very interesting facts about his work before the public accounts committee last week. First of all the board would not pass any German made film at present. He explained that was not the sole reason why the picture "Passion," had been condemned, but it had objectional features as well. He was not satisfied with present board of appeal. During the year fifty appeals had been made by the companies against his decision and in thirty-one cases the board had found that his censorship had been too hard and in nineteen had endorsed his censorship. He believed that the influence of moving pictures was generally for good, but a strict censorship was needed, and he found moving pictures exchanges very anxious to co-operate with the censor and keep the picture up to standard. He remarked that if the States had uniform censorship like Pennsylvania there would be little trouble with objectionable films. Only four states

The standard of pictures accepted by Alberta barred pictures portraying white slavery, save where a good moral lesson was shown, all kindred sex subjects, gruesome scenes, offensive drunkenness and exploitation of notorious characters. They also objected showing methods of criminals in murder and other crimes, those dealing with the drug habit, counterfeiting or brutal treatment of children as well as irrelevant treatment of things to be held sacred. It is interesting to know that no cut-outs had ever been required in pictures of really noted stars like Mary Pickford, Douglas Fairbanks, Wallace Reid and others. Mr. Douglas said many pictures being made today cost half a million dollars, "The Four Horsemen of the Apocalypse," now being shown at \$10 admission in New York, cost \$850,000, and required 12,000 people to stage the play.

ALBERTA ON TOP

The farmers' have been accused of dodging the income tax. If the charge is true at all, it is less true of the farmers of Alberta than those of the rest of Canada. Alberta farmers paid more income tax last year than any of the other provinces.

The total amount collected in each province is shown by a statement issued at Ottawa. It is difficult to understand how Alberta farmers come to pay \$361,218.39, when the farmers of Ontario, the most populous and richest of the provinces, pay only \$67,974.75.

The total value of Alberta's field crops for 1920 was \$274,186,107. Ontario's field crops in 1920 were valued at \$396,183,000. With more than \$100,000,000 of income above the income of the Alberta farmer, the man from Ontario paid to the country approximately \$300,000 less income tax. As it is possible to believe that the

Albertan paid in more than was necessary, there is left only one other conclusion, and that is that the Ontario farmer was extraordinarily skilful in binding himself to the amount of his income.—Herald.

FARMERS PAY INCOME TAX

That \$62,687,258.02 was collected up to February 28, 1921, under the income tax act, and that \$957,980.27 of this amount was collected from the farmers of Canada, was stated in the house of commons last week, in reply to a question by A. Verville, St. Dennis. The total amount collected in each province and the amount collected from the farmers of each province was stated as follows:

Nova Scotia and Prince Edward Island, total \$1,651,727.49. Farmers \$2,721.72.

New Brunswick total \$994,727.35; farmers \$2,393.30.

Quebec, total \$20,734,083.75; farmers \$9,500.78.

Ontario, total \$28,061,667.25; farmers \$67,974.75.

Manitoba, total \$3,040,695.73; farmers \$151,036.17.

Saskatchewan, total \$1,466,184.49; farmers \$340,900.98.

Alberta, total \$2,033,573.17; farmers \$361,218.39.

British Columbia, total \$2,668,710.13; farmers \$22,203.63.

Yukon, total \$33,888.67; farmers \$30.55.

New Zealand will be able to export over forty million pounds of butter this season. The total production will be 62,720,000 lbs.

THE CALGARY HERALD

Are you interested in the weather? Nearly everybody in Western Canada is vitally interested in weather conditions.

Each week Foster's weather forecast appears in the Saturday issue of The Calgary Daily Herald. Many people gauge their business and agricultural activities by Foster. His short, breezy comments on crop prospects are generally correct. His weather reports are standard on the North American Continent. This is only one of the many valuable services you get with your year's subscription to The Calgary Daily Herald. Order from your nearest news-dealer, direct from the publishers or the following local agents:

R. L. Elves, Vulcan.
T. Johns, Brant.

THIS IS A RICH PROVINCE

If an Alberta man declared that in this province lay the future workshop of Canada and that our western coal was the guarantee of national independence, some people would put this down as the ravings of an irresponsible local booster. Seeing that these statements were made at a Canadian club luncheon in Montreal on Monday, by Mr. F. W. Gray, who edits The Canadian Mining Journal, which has only the purposes of Canadian economic development to serve, they must be given close heed to. Having a much greater variety of resources than any other province in the dominion, why should it not, before many years, become the richest and most populous of the provinces?—Edmonton Journal.

Great Britain's latest airship can cross the ocean in twelve hours, carrying passengers. You can leave Canada at 7 in the morning and arrive in England 7 at night. It will be awfully jolly to spend the bally night in merry old England—don't you know.

MUNICIPALITY OF MARQUIS ELECTIONS.

The election of councillors for the Municipality of Marquis, No. 157, which took place last week was keenly contested with twelve candidates in the field of honors. Voting commenced in the early morning and all day a keen interest was shown by the large number of ratepayers who visited the polls and cast their ballots. The three successful candidates were Sinclair, Campbell and Shuldice and the following gives the result of the election at each polling booth:

Poll No.	Broderick	Campbell	Dann	Jackson	Lucas	Manroe	Phelan	Shuldice	Sinclair	Spanke	Ward	Williams
1	8	10	15	15	10	4	0	0	19	1	2	0

The value of British Columbia's forest products in 1920 is returned at \$92,628,807 as compared with \$70,285,095 in 1919, an increase of \$21,000,000. The value for 1920 is twice that of the production of three years ago, whilst during the year the value of pulp and paper has increased from \$12,000,000 to \$21,000,000.

YOUR NEWSPAPER IS A DAILY NECESSITY OF LIFE

Your newspaper has a most important part in your daily life. Through it you get each day all the news of the world; the latest happenings from London, Paris, New York and Berlin. These four great news gatherings centres send out each day news of the most vital international importance.

The Allies decide on what Germany's reparation indemnity shall be. In a few hours your newspaper brings that news to you red hot off the wires. A big railway strike is called in England. You hear about it as soon as the public of England who are immediately affected.

You get your market reports, your local news, what your own governments are doing and in addition to this many features of international, national and provincial interest.

Your daily newspaper is one of the greatest features of modern civilization. To keep abreast of events you must be a newspaper reader and you must have a reliable newspaper.

The great news gathering organization of The Calgary Daily Herald, Alberta's greatest newspaper, should be your logical choice. A Western newspaper of Western Canadians, publishing every day all the news that is fit to print. Buy it from your local subscription agent or direct from the publishers. A year's subscription by mail costs you less in actual money than the white paper which is used to print it on. Your nearest postmaster will take your subscription.

DON'T

Don't let some glib-tongued salesman take your order for any kind of printing by telling you that he can do the work cheaper and better for you than the local man. He can't. Not in High River district anyhow, for the printing plant located in High River is equipped with the machinery necessary to turn out any kind of printing, at the prices current throughout Western Canada, and to do a first-class job.

Some merchants fall for the traveller's tales. The usual result is that they get a job with one or two misprints in it, and get it several months after they have placed the order.

Your local plant exists to give you service and to turn out your work

when and how you want it. Printing is a manufacturing business, and is classed as such by the government. Its production keeps men in employment, and it is an asset and a necessity to the people of the whole district.

We sometimes don't get the time to go around and canvass for orders, but we can give you the benefit of that in the saving of the amount you ultimately have to pay the traveller for his talk with you.

REMEMBER—Every class of Job Printing. Don't order without getting our prices.

ALL IN THE FAMILY

They were looking at the kangaroo at the zoo when an Irishman said: "Beg pardon, sor; phwat kind of a creature is that?"

"Oh," said the gentleman, "that is a native of Australia."

"Good hivins," exclaimed Pat; "an' me sister married wan o' thim."

FIFTY-FIFTY

A man advertised "Rabbit Sausage," and a food inspector called him up.

"What is this rabbit sausage?"

"Why, just what the name says—rabbit sausage."

"Don't you use anything but rabbit?"

"Yes."

"What?"

"Horse."

"In what proportions?"

"Fifty-fifty."

"What do you mean by that?"

"Just what I say; everybody knows what fifty-fifty means."

"You mean—just as much rabbit meat as horse meat."

"No! One rabbit to one horse."

FINDING OLD FRIENDS

'Twas a shelf in a side street shop, that were dusty and old and worn. And as I fingered those volumes quaint I was gay as in Youth's bright morn; For I found old friends of my boyhood's days whom I'd lost in my manhood's years.

And I laughed and I cried as I fondled my friends, and I smiled through my memory's tears.

And my childhood days came back again, once more I was sailing the

sea, As my heart was roaming the wide, wide world and was bringing his treasures to me; My age was slipping away from me, and my boyhood came back again, As I greeted my friends in the old book shop, as though parted we never had been.

—Theodore Sharpe.

SEASONABLE FASHIONS

"With ONLY a small velvet HAT to hide her bobbed hair and a pair of low SHOES on her feet, she left home on a cold Sunday early in the month."

—Ft. Worth (Tex.) Record.

A HOPELESS CASE

"You're looking poorly; old chap. Why don't you go and see a doctor?"

"I did. I saw one this morning."

"What did he say?"

"No."

PITHY PARAGRAPHS

The only place to live a happy life is within your income.

Riches means two things—Getting it and keeping it from getting away.

Bill says—"Price will often catch a customer, but it takes quality to hold him."

"Wisdom is knowing what to do; skill is knowing how to do it; and virtue is doing it." David Starr Jordan.

The more we do,
The more we can do;
The more busy we are
The more leisure we have.

—Hazlett.

"Loyalty in a man is one of his most essential characteristics. Without it he is without power to do work of the kind that counts. Let it be loyalty to a principle, loyalty to his employer, loyalty to a sect; just so it is loyalty to some constant thing or person it will serve its purpose."

Up to February 15 the U.F.A. drive total reached the splendid sum of \$97,454.00. With co-operation the province over the amount should soon pass the \$100,000 mark.

The removal of the embargo on Canadian cattle entering Great Britain has become an election issue in the Old Country.

The estimated population of the Dinton Municipal District is placed at 2,500 people and the number of resident farmers 900. Dinton Municipal district is one of the largest and most prosperous municipal districts in the province.

During the past year the sum of \$11,825.34 was expended on roads by the Dinton Council and it will be necessary to expend a similar amount each year for some time before we have good roads.

For the destruction of gophers and other pests during the year 1920 there was expended the sum of \$3,199.47. It costs something these days to combat the gopher and grasshopper pests.

There are twenty-two school districts in the municipal district of Dinton, with a total assessed valuation of \$4,739,987.35, upon which the current taxes amounted to \$26,284.18.

If you believe you are right and the other man insists you are wrong, make him prove it. You don't need to be bull-headed about it, but never let anyone bluster you out of your backbone.

We cannot vouch for the truth of the statement, but some travellers who have had occasion to go over our national-owned railways, say that many people do not pay railway fares. They tip the conductor instead. How can our railways pay with dishonest men in charge.

When bootleggers commence stealing whiskey from each other, then look out for trouble. Last week a certain local bootlegger secured two cases of whiskey at Calgary which he brought down in two valises. Fearing police interference here he went on to Cayley, hired a livery and returned to High River. He cached the whiskey in a certain place which was found by another opposition bootlegger, who had an eye open for business and who later sold some of the liquor to the original owner who asserted in loud tones that it was a mighty poor brand of moonshine.

Dr. Hugh Black of New York remarks that "our sentimentalists, when they speak of the duty of love, always are thinking of the criminal and never of the victims." This must have struck a good many other people in the course of discussions that have taken place regarding punishments of various kinds. Dr. Black being told about the cruelty of forcing Germany to give France a lot of cows on which German babies are dependent for life, reminds the sentimentalists who lay stress on this, that these cows were stolen from the French and that French babies do not get along very well without milk either.

Fur dealers tell us that "warm winters make better furs in some cases." But what we are interested in knowing is whether the fur dealers are going to make better prices, in all cases.

Forrest Kemper, of Cameron, Missouri, bought a section of land on the Indian Reserve recently for \$78 per acre. Mr. Kemper brought tractors, farm tools, stock, etc.

Oxen Useful In Harness

Mr. and Mrs. J. C. Berrang on a cross country pleasure trip stop off at New York on their way from West Chester, Conn., to Los Angeles, California.

A Nova Scotia pair of oxen can draw three tons and are very efficient at the plough.

PROVINCIAL NEWS ITEMS

Speed up! There's no hard times coming; it's just the soft times going.

Two Drumheller collieries have reduced the price of coal from 65 to 70 cents per ton.

Two hydroplanes will be used for forest protection purposes during the dry season in May and June next by the Forestry Department of the provincial government, Fredericton, N.B. These planes will be located at Bathurst, and will patrol the forest areas communicating with directional finding wireless systems located at headquarters and Campbellton.

The Chicago Tribune advertises that one issue of its Sunday edition consumes fifty-four acres of Canadian timber. At that rate, our pulp-wood resources cannot last forever. When consumption on that scale is in progress this country needs a definite policy of reforestation.

As an evidence of the profit to be made from poultry raising, G. M. Comrie, Dominion Government poultry representative for Alberta, speaking before the local poultry association, cited the case of a farmer's wife at Huxley who, last year, made \$1,100 profit from a flock of 125 hens.

Ninety per cent. of the milk and cream supplied to the city trade in Alberta, and ninety per cent. of the raw material for the cheese and butter, are produced by milking short-horns, according to a statement made by the Hon. Duncan Marshall, Minister of Agriculture for this province.

It's a hard old world on the poor bachelor! Down in Kansas they are trying to put through a bill which will impose a special tax on single men. The returns for such tax to be used to help educate the children of married men and, also, help pay the salaries of "the maiden school teachers who give the best part of their lives to children."

Robert J. C. Stead, director of Publicity Immigration and Colonization department of the Dominion Government, who has recently returned from England, was in Calgary last week. He says that a man who has a farm in Canada or a decent job is very much better off than the man in the Old Country. He expects a big influx of people from the Old Country to Canada this year.

A new proposed method of transportation to the Fort Norman oil fields during the coming summer will be that of dirigibles. Investigations into conditions prevailing in the north convince the promoters of the feasibility of the scheme, and they are confident that in a short time a passenger service from Edmonton to Fort Norman and back in thirty hours will be an accomplished fact. Dirigibles capable of carrying thirty-two passengers will be used.

That the bootlegger is an elusive individual goes without saying, in fact the city police say he is both slimy and elusive and every once in a while a round-up is made here and there. The fact remains, however, that there is a force behind the bootlegger that should be taken by the throat and strangled. Up at Edmonton in the leading hotels there is in existence an organization headed by Jews, who supply the whiskey to the bootleggers, who in turn supply the country towns and villages with their vile stuff. The question is, how the men responsible for the bootlegging are permitted to carry on their nefarious work without interference. It looks suspicious.

There was a disastrous railway wreck at a point near Chicago on Sunday, when two passenger trains crashed into each other, demolishing property and resulting in loss about 42 lives and injuring 100 people.

Athletic dancing has its place after all. A Chicago woman saved a \$2,000 ring by kicking a bandit in the eye when he sought to search her stocking for the jewel, while another bandit stood guard over her escort. Instead of shooting her for her daring the robbers turned and fled. On with the dance!

John D. Rockefeller is America's wealthiest man, and Mrs. Edward H. Harriman, widow of the railroad king, is the richest woman in America, according to income tax statistics recently published by the Internal Revenue Bureau at Washington. It is estimated that Mr. Rockefeller, in the course of his lifetime has accumulated \$1,500,000,000. Mrs. Harriman, it is said, paid taxes on an income of between \$4,000,000 and \$5,000,000 in 1918.

Vulcan Shoe Hospital
H. DAINES

How many people are aware of the fact that Blackie can boast of a nine hole golf links, situate on Len Hart's farm, adjoining town. Last November the game was first mooted by Messrs. Goulter and Cochrane and today there are about fifteen enthusiastic boosters of the game. Furthermore they have a record of having played games during the months of November, December, January and February, which fact speaks volumes for our congenial climate.

Clyde Ellis is hopeful that during this warm spell of weather the grasshopper eggs laid in such abundance last year will develop to a point so that when a heavy frost comes along the work of destruction of this pest will be complete and the farmer will be saved the worry and expense of buying and distributing poison over his farm. If such does happen it will go to further prove that nature works in a wondrous way.

The two-bed hospital at Blackie is now ready for work. Miss Riley, the nurse who is in charge, arrived for duty on March 1st, and its success is hoped for, although some money was expended it must also be remembered that much of the equipment was taken from the High River hospital, which will greatly lessen the expense of equipping the sub-station there.

VULCAN ALTA.

Once In Western Canada

THE people of a great city and its surrounding territory were unable to get their newspapers for a period extending over ten days.

THE business of that city was disorganized and almost came to a standstill,—the wildest and most improbable rumors were circulated owing to the fact that the community's source of reliable news was cut off. The newspapers had been forced to cease publication owing to shortage of white newsprint.

THIS condition existed about one year ago and emphasized beyond question the vital importance of the newspaper as a factor in modern life. You cannot live according to modern standards without a knowledge of what is happening in the world. Your newspaper brings that knowledge at a cost to you of less than the white paper the news is printed on.

WITH its discussions of public questions—its great news gathering organizations—its many features and departments **THE CALGARY DAILY HERALD** has achieved a high place among Canadian newspapers and is well worthy of a place in every Western Canadian home.

YOU SHOULD READ

be any differentiation between the course prescribed for rural and that for urban schools and whether any new subjects are to be added. This committee will meet at Edmonton on Tuesday, March 1st. The personnel of the committee is as follows:

G. F. MacNally, Edmonton, supervisor of schools for the province, chairman; P. Baker, Ponoka, vice-president of the U.F.A.; Mrs. R. B. Gunn, Paradise Valley, director of the U.F.W.A.; Mrs. A. H. Rogers, Fort Saskatchewan, secretary of the Women's Institute; Walter Smitten, Calgary, secretary, Alberta Federation of Labor; Chas. E. Peasley, Medicine Hat, principal, Elm Street school; H. J. Spicer, principal, Sunalta school; H. A. Malcolm, Innisfail; Rural School Trustee; W. A. Hamilton, Lethbridge, school trustee and member executive of trustees' association; J. T. J. Collison, Edmonton, member National Council of Education; E. Wodell, Calgary, editor Farm Edition of Calgary Herald; John Howey, Edmonton, editor Bulletin; Dr. A. Scott, Calgary, superintendent of Calgary schools; John W. Russell, Camrose, inspector of schools; J. A. Valiquette, Calgary, president associated boards of trade.

For more than a year, upon the invitation of the Minister of Education, public bodies and organizations throughout the province have been studying this question. All have been urged time and again to give the department for the use of this committee the benefit of their views. Many have responded, the committees have been selected by the representative organizations in the most democratic way possible. The findings of this committee should be the resultant of widely varying individual opinion made applicable to the actual conditions to be met in the province. Professional committees will be appointed later to carry the work to completion in consultation with the general committee. Similar plans are under way for a thorough rebuilding of the curriculum for high schools as soon as the elementary revision has been completed.

MORE ALBERTA BONDS FOR HOME INVESTORS

Domestic Issue for Two Millions in Nice Handy Denominations.

Another domestic bond issue will be put on the market by the provincial treasury department, and this time to the extent of \$2,000,000. Of the first million offered last June, \$900,000 has now been sold, and it is expected that the balance will be disposed of within the next month. The way will then be clear for a second issue, which will be for double the amount.

The government is well satisfied with the results of its experiment in selling bonds to home buyers, and its decision to put on another sale has been made partly in view of the fact that the ground has now been prepared by advertising, and the chances for selling twice the amount of the original issue are considered very good. The bonds will be in denominations of \$100, \$500 and \$1,000.

Many odd and bizarre uses for the airplane have been suggested and tried out, but the extermination of mosquitoes by their use is perhaps the oddest proposition yet proposed. This idea is being planned by the provin-

F. H. RENCH, Manager

THE FARMER

I am the provider for all mankind. Upon me every human being constantly depends. A world itself is builded upon my toil, my products, my honesty.

Because of my industry, Canada, my country, leads the world. Her prosperity is maintained by me; her great commerce is the work of my good hands; not "balance of trade" springs from the furrows of my farm.

My reaper brings food for today; my plow holds promise for tomorrow. In war I am absolute; in peace I am indispensable—my country's surest defense and constant reliance. I am the very soul of Canada, the hope of a race, the balance wheel of civilization.

When I prosper men are happy; when I fail all the world suffers. I live with nature, walk in the green fields under the golden sunlight, out in the great alone where brain and brawn and toil supply mankind's primary need. And I try to do my humble part to carry out the great plan of God.

Even the birds are my companions; they greet me with a symphony at the new day's dawn and chum with me till the evening prayer is said. If it were not for me the treasures of the earth would remain securely locked; the granaries would be useless frames; man himself would be doomed speedily to extinction or decay.

Through me is produced the energy that maintains the spark of life. I rise with the early dawn and retire when the "chores" of the world are done.

CURRICULUM OF ALBERTA SCHOOLS WILL BE REVISED

Strong Provincial Committee Including Lethbridge Man, To Make Recommendations.

All the arrangements for redrafting the curriculum of the elementary schools are now completed. The initial work will be in the hand of a widely representative committee of fifteen persons, mostly laymen. An effort has been made to have widely varied opinions represented, and where there was a regular organization the executive of that organization was asked to choose its representative.

It will be the business of the committee to consider the recommendations of various organizations received by the department during the year to determine on broad general lines the scope and content of the course of study, the subjects to be included in the new course, whether there shall

Here is a common sense method that should solve the present dominion sales tax. At a meeting of the Retail Merchants' Association of Canada, held in Toronto, a resolution was passed suggesting to the Dominion government that "if any further change in the method of collecting taxes for the purpose of this country paying its

war debts, the tax be made at the source of supply, namely, upon the manufacturer and importer, and that this tax be passed on to the retail merchant so that it could be absorbed in his cost."

Canada's wheat crop in 1920 was 263,189,300 bushels

RANCH SOLD FOR HALF MILLION

An important sale of land in the High River district was recently announced which is of considerable moment to High River, as well as to the province at large, as it means an investment of about half a million dollars of British money. The property in question is that of the High River Wheat and Cattle Company, formerly the old Captain Dick ranch, which was taken over about a year ago by Messrs. D. P. McDaniels and Douglas Riddle. The Ranch is situated about 16 miles southwest of High River and comprises 9,000 acres of deeded and 10,000 acres of leased land on which there are about 2,000 head of good grade shorthorns and 200 head of horses, for which \$500,000 was paid.

The purchasers are Captain C. A. Wyndham and Lady Edith Wyndham, of London, England, who are now included among the latest prominent Britons to become identified with the ranching industry in this district. The sale was negotiated by R. C. Dansey, who has been identified for many years in the stock commission business at Calgary and Edmonton. Mr. Dansey has been appointed manager of the ranch and he will take possession about the middle of March. He has had practical experience in ranching and with his subsequent training in the live stock commission business, he is well qualified to assume the management of this large ranch.

AN IMPORTANT CONFERENCE

Following the Trustees' Convention at Calgary the first week of February, the Minister of Education has taken steps to bring together representative teachers and trustees in order that the authorized form of agreement, between teachers and school boards might be finally revised. The complaint was made at the Trustees' Convention that the present authorized form was not reciprocal in its terms. The points there raised will be fully discussed by the conference which has now been called and any new proposals that either side desires to bring forward, will also be dealt with.

The Minister has asked the Teachers' Alliance to name four representatives to meet with an equal number of trustees, nominated by the executive of the Trustees' Association, to meet in Edmonton on Saturday morning of the 5th of March. The conference will be presided over by the Deputy Minister of Education, Mr. John T. Ross.

The Teachers' Alliance has named the following four representatives: Mr. H. C. Newland of Edmonton; Mr. Chas. E. Peasley of Medicine Hat; Mr. T. E. A. Stanley of Calgary, and Mr. J. W. Barnett of Edmonton. The Trustees' Association has named Mr. Wm. Rea of Edmonton; Mr. T. O. King of Raymond, Mr. H. C. Wingate of Cayley and Mr. R. H. MacDonald of Trochu.

It is to be hoped that the proposed conference will remove all cause of friction insofar as the teacher's contract is concerned.

ALWAYS A WAY

There is always a way to rise, my lad; Always a way to advance;

CREAM *The West* FLOUR

"How's that for a pie!"

YOU can also make beautiful light cakes and bread of wonderful whiteness and flavor with Cream of the West Flour.

Hedley Shaw Milling Co., Limited
Medicine Hat, Calgary, Kamloops, Vancouver.

But the road that leads to Mount Success.
Does not pass by the way of Chance.
It goes through the stations of Work and Strive,
Through the Valley of Persevere;
And the man who succeeds while others fail
Must be willing to pay most dear.
For there's always a way to fail, my lad,
Always a way to slide;
And the men you find at the foot of the hill
All sought for an easy ride.
And so on and up, though the road be rough,
And the storms come thick and fast,
There is room at the top for the fellow who tries,
And victory comes at last.

Someone sagely remarked recently that success consists in finding the shortest line between two points; where we are and where we want to be.

FICTION ABOUT THE GRAIN EXCHANGES

"Two great forces are constantly opposed to each other in every grain exchange. One group, representing the producers, exercises every effort to get a better price; while the other group, representing the manufacturers and the ultimate consumer, endeavors to buy as cheaply as possible."

What a beautiful picture. It is painted by the National Crop Improvement Committee, which is closely connected with the Chicago Board of Trade. How far it comes from being a true picture the man who prepared it knows probably better than any one else. He says "the real functions of the board are very little understood by those not actively engaged." This latter probably explains why he expects to put over the bunk about the two great forces "constantly opposed." Only those who have no understanding whatever of the grain exchange system will swallow it.

Not one-fifth of the deals on the grain exchanges are actual sales of grain by one fixed group to the other. The bulk of the traders on the exchanges are neither millers nor legitimate grain dealers. They are gamblers pure and simple. The same men who are trying to raise prices one day will be found trying to force the prices down the next.

Nobody but a plain liar or a fool will try to tell anybody that the interests of the actual producer of wheat are represented on the grain exchanges. The men who operate on the exchanges know better. Through the practice of hedging, the elevator companies can protect themselves from loss from lower prices. The lower the price, the less money they must borrow to do business, and the less interest they have to pay. It is almost as much to the selfish interest of these elevator men to pound prices down as it is to the millers. Yet they are considered the representatives of the producers.

It is a curious fact that every time any one suggests that producers be given actual representation on the floors of the grain exchanges, a protest arises from the Board of Trade and the Chamber of Commerce.—Farmers' Dispatch.

VERMILLION MUNICIPAL HOSPITAL

The annual statement of the Vermillion hospital for the year ending December 31st, 1920, has just been issued. The statement shows that on January 1st, 1920, the board had on hand the sum of \$14,287.36, and that during the year it received \$28,083.07, being a total of \$42,370.43. The cash balance at the bank at the end

of the year was \$4,428.46. The professional care of patients cost \$7,349.76, general supplies \$3,229.49, administration \$2,706.14, house and property expenses \$3,134.89. The assets were \$66,637.93, and the liabilities, exclusive of debenture debt, \$19,656.57, being a balance of assets over liabilities of \$46,981.36. The cost per patient during the year per day was \$5.91. The hospital was opened on the 19th day of February, 1920. The number of patients admitted to the 31st December was 296. There were fifty births, nine deaths, and 71 operations during that period. The number of resident patients admitted was 260, non-resident 35. There were 237 patients from the country districts and 58 from the town of Vermillion. There is \$10,696.34 owing the hospital from the different distributing areas. The capital expenditures during the year were \$20,897.92. The report is regarded by the board as very satisfactory, in view of the adverse circumstances under which the hospital was erected and equipped.

AUCTION SALES

Pick up any country weekly and you will be surprised to find an unusually large number of auction sales announced. As a rule these take place in the early spring months, but the present list is exceptionally large for this time of year.

Of course the city press will say that the farmers have become so rich that they are selling out and are moving to town where they will live for the rest of their days on the fortune they accumulated. Those of us who know farm conditions realize that this is not the reason farmers quit and go to town. The truth of the matter is that they have been worn out with the endless struggle, the long hours, the shortage of help and the meagre returns the whole combining to force them to seek an easier life for the remainder of their days. One of the tragedies of modern times is the number of deserted farms in Old Ontario.—Petrolia Topic.

A member of the U.F.O., after visiting the west says that the three western provinces will send a solid representation of farmers to the next federal parliament.

AUCTIONS SALE

Having decided to give up farming the undermentioned will be offered for Public Auction at the South-East quarter of Section 22-18-22, W 4, old Solberg farm, being 24 miles North-East of Vulcan, 4 1-2 miles South of Queenstown post office, 3 miles West and 5 miles South of Milo store and 1 1-2 miles North of Lake McGregor P.O., on

TUESDAY, March 15th, 1921

12 HEAD OF HORSES 12

1 black Gelding, 10 years, weight 1500
1 bay Gelding, 6 years, weight 1300
1 bay Mare, 10 years, weight 1400
1 bay Mare, 9 years, weight 1400
1 bay Gelding, 8 years, weight 1250
1 grey Mare, 7 years, weight 1300
1 bay Gelding, 7 years, weight 1200

will be held sometime in September.

HARVEY DISTRICT NEWS

Raymond and Helen Dowling are
back again at school after a real seige
of the chicken pox.

The people of this district wish to
extend their deepest sympathy to Mrs.
Koeller during her recent sad bereave-
ment.

Mr. R. H. Andrews and family, who
have been living in Calgary for the
past few years, returned to their
farm to be in readiness for the spring,
last week.

The Dowling brothers were visit-
ors to Calgary this week.

A few friends gathered at the home
of Mr. and Mrs. Chas. Smith on
Thursday evening last. Whist was
indulged in until after midnight when
an enjoyable luncheon was served.
Among those present were the Misses
Mae and Irene Bennett and Mabel
Maxwell, Messrs. McKenzie, McKenna,
Smith, Sherwood, Irwin, Mickey and
Tyo. Mr. H. Smith carried off the
prize for the highest number of points
Mr. Maxwell won the other, (you
know).

Those from this district who took
in the wedding dance at Richmond
Hill on Friday last enjoyed it not a
little. Wonder if one of the Irwin
boys will pull off the next wedding?

Mr. McDonald was plowing last
week. Is this not a fair sign of
spring? Charlie Smith's almanac
forecasts an elegant spring with lots
of rain and lots of work, so prepare.

Mr. Jimmy Lucas has gone to the
coast with hopes of recovering good
health. Mr. Bobby Lucas is over-
seeing affairs during his brother's ab-
sence.

We wish Mr. Harley Dowling to
know that he may receive an acknowl-
edgement of his R.S.V.P. before Feb-
ruary 14th, 1922. Eh, what?

School Report

Grade VIII—Florence Dowling 76

per cent.
Grade VII—Vida McDonald 71.3 p.c.
Grade V B—Clifford Andrews 79.6

drews 85 p.c., Eileen Shaw 67 p.c.,
Helen Dowling, absent.
Grade I C—Elizabeth Hendley 80.
E. Irene Bennett, Teacher.

REID HILL SNAPSHOTS

Back to the farm movement.
Wm. Jackson returned from Eng-
land last month, where he had been
visiting old friends and relatives
whom he had not seen for 18 years.

Mr. George Clifford, Mr. Geary Clif-
ford and families have returned from
B. C., where they have been spending
the winter.

And I hear that Wm. Markham,
Andrew McKeague and Walt Blake-
ly are all returning back to the farm
in the Reid Hill district. You can't
beat the Reid Hill district, if we had
a railroad nobody would leave here.

Oh, yes! Miss Flossie Smith has
returned from B.C., also. Back to the
farm.

Everybody is getting ready for
spring work for it looks like it was
almost here. Snow all gone, ground
thawing out, lots of gophers out and
a neighbor saw a flock of six wild
ducks on March 2nd.

George Hanlin says every man be-
fore getting married should study
seriously over it for ten days then if
he hasn't changed his mind by that
time he will have spent his license
money.

Gordon McKay says if they ever
charge a dollar for a hair cut a man
may be proud of being bald.

They used to say beauty was only
skin deep, but now it seems to be knee
high.

Usually when a young man isn't
satisfied with the work he is doing
his boss isn't either.

We asked Billy Green what is a por-
cupine and he informed us that it was
a rat with his hair done pompadore.

ENSIGN NEWS

Friday, March 4th was the date set
for the last of the local U. F. A.
"Chautaugua" numbers. The biggest

crowd of the season was out to hear
a splendid program consisting of rec-
itations, songs, a short comedy and an
address by the Rev. Father Beausoliel,
of High River. The recitation
rendered by Mr. Fortier was especial-
ly well received and an encore was de-
manded. Mrs. D. McIntyre and Mr.
A. Gregois also found a very enthu-
siastic audience, who were not satis-
fied until their cries for more had
been rewarded by other selections. The
comedy was excellent and the U.F.A.
would like to take this opportunity of
thanking the ladies who so kindly
gave of their time and efforts to pro-
duce it. No one could be singled out
for special mention by an ordinary
critic, but maybe George Peacock
could solve the "Riddle." Father
Beausoliel gave a very interesting ad-
dress and one that should mean a
great deal to a community if his ad-
vice was adhered to.

Next Friday, March 11th, the U.F.A.
are holding their usual dance and
whist drive, and on Friday, March
18th there is to be a banquet, program,
a prominent speaker and finally a
dance. This will be the last of the
U.F.A. social activities until after
seeding, so be sure and keep this date
open. Everybody is welcome to come
and have a good time.

Evangelist services have been con-
ducted in Ensign all last week and
good crowds have been out to hear the
messages of the speakers.

RED CROSS W. L.

A most enjoyable afternoon was
spent on Wednesday, March 2nd, when
the Womens Institute met at the home
of Mrs. Baker. There was a large at-
tendance of members and two visit-
ors.

A successful whist drive was held at
the Red Cross School on Friday even-
ing March 4th, and now for a jolly
old time comes a big Masquerade
Ball to be held in the school on Fri-
day, March 18th.

The next meeting of the Institute
will be held at the home of Mrs. J. M.
Love and dressmaking will occupy the
attention of all present.

The Texas wool clip of one million
pounds was sold for 30 cents the
pound.

Alberta's coal output for the year
1920 amounted to 6,908,923 tons, ac-
cording to the official figures issued.
This is the largest output of any prov-
ince in the Dominion last year.

CHURCH NEWS

Sunday evening, Rev. Dr. Langfeldt
gave the sermon in the Union Church.
He based his remarks on Act 10,
verses 1 and 2. These verses deal
with Cornelius, a centurion. The ser-
mon was on the joy of Christian liv-
ing.

The best advertisement the devil
can have is the unhappy Christian.
Do not go about in a sorrowful way,
said the minister, but let your coun-
tenance be such that it is attractive.
Let it show that you possess a joyful
spirit and that your religion makes
you happy. But you may say that the
trials and the difficulties of life
are too much for you and that of ne-
cessity you are cast down. That atti-
tude comes from a false view of what
constitutes the Christian life. (To no
one can life be a bed of roses. It was
not so to Paul and the hosts of others
that accepted Christ, but they possess
that which was beyond price, a joy-
ousness in service. If you have hard
tasks, a cheerful spirit will help, not
hinder you, in your undertaking. We
are here to be of service. We are here
to play our part with the best of men.

Cornelius, you will note, was a sol-
dier. A soldier is called upon to en-
dure privation. He must be courage-
ous, loyal, faithful and true. Some of
the most cheerful men I have met,
said the minister, have been soldiers
who have had difficult tasks to per-
form. In every day life it takes
courage to keep from the snares of
temptation. It takes courage not to
stoop to low ideals, especially when
by so doing much in a material way
can be made. Cornelius in that day
lived up to the light of what he had,
as we today must do if we are to be
true to ourselves and faithful to our
Lord.

Cornelius was a devout man. In
the final analysis no man ever suc-
ceeded without this quality. The
spirit of reverence belongs to the high-
est type of man, not the lowest. Leave
worship out of your life and you go
back. Make no mistake about it my
friends, there is a power in the Uni-
verse beyond the human. Jesus came
to manifest that power to men. He
came to point the way to God. He
came to lift man out of his sordid
way and make him look up. We suffer
and lose when we quench the spir-
it that bids us worship.

Cornelius made preparation for the

days work by family prayer. Today
our children are seeking dangerous
forms of amusement away from home,
because the sanctity of the home is
going. Let the mothers and fathers
again gather their family around
them and have a reading of scripture
and a short prayer each day, and the
children will look up with greater
trust; a new atmosphere will come
over the home; our divorce courts will
be less prominent and a new life will
come over the land. We are false in
our workaday life because we are
false in our home life. We are false
outwardly because we have ceased to
be true inwardly.

Cornelius was a cheerful giver. As
a people we have not yet realized that
God is a Good Paymaster. We al-
ways get back a hundred fold what-
ever we give. It lifts us into a bet-
ter realm with others. Too long have
people sang, "Take my life and let it
be", and then given the smallest coin
they could to the Lord's work. Is it
any wonder they get no blessing. Is
it any wonder the work of God's King-
dom is starved. We pay cheerful to
amuse ourselves; we indulge our ani-
mal appetites lavishly. We must now
learn the luxury of giving. We must
put more into the Coming of the King-
dom or be marked as unfaithful in the
trust that is given us.

Sunday, March 13th, the Sacra-
ment of the Holy Communion will be
dispensed at the Union Church.

NEW LAMP BURNS 94%
AIR

Beats Electric or Gas

A new oil lamp that gives an amazing
brilliant, soft, white light, even better
than gas or electricity, has been tested
by the U.S. government and 35 leading
universities and found to be superior to
10 ordinary oil lamps. It burns with-
out odor, smoke or noise—no pumping
up; is simple, clean, safe. Burns 94 per
cent air and 6 per cent common kerosene
(coal oil).

Anyone interested in this lamp can
see one at the Wholesale Grocery Store
and if they wish to obtain one they can
do so by leaving their name with the
manager.—P. A. Wickstrom, agent.

The Senate Divorce Committee
started work in some 150 cases.

HIGH RIVER PRESBYTERY

Rev. J. H. White, M.A., of Vancou-
ver, was inducted to the pastoral
charge of Nanton and Parkland on
Thursday, March 3rd, 1921. The ser-
vices were held in the Nanton church
at two o'clock in the afternoon. A
large congregation was present to
take part in the services and to wel-
come their new pastor. The day was
fine and everything passed off very
satisfactorily. The services through-
out were excellent. Rev. A. E. Hayes
delivered the sermon. Rev. Mr. Kidd
addressed the minister and Rev. A. J.
Mitchell the people. The Presbytery
looks hopefully and prayerfully for-
ward, expecting a rich harvest as a
result of this new marriage bond.

Rev. A. E. Hayes resigned his com-
mission to the Assembly and Rev. W.
McNichol was appointed in his place.

Rev. Mr. Kidd reported that Rev.
George C. Robertson was expected to
supply the pulpits of Ensign, Red
Cross and Berrywater on March 13th
and 20th.

Mr. W. Wanup was listened to very
attentively as he related conditions in
Alston and surrounding districts.
Presbytery enquired re contiguous
points where supply might be given,
and will, if possible, send a student
this summer to Alston, Leitchfield, etc.

The clerk reported that Tongue
Creek was considering seriously call-
ing Rev. George Renwick, of Roland,
Manitoba, who is said to be a strong
man intellectually, morally and phys-
ically.

Presbytery strongly recommended
that every pastor should, if possible,
secure one or more persons in his con-
gregation to act as agent for the
Presbyterian Witness. The paper is
an excellent one. It contains news of
the church from every land, and is
disseminating this news from ocean to
ocean. We want to see this church
paper in every Presbyterian home and
hope our people will make an effort
to this end.

The following budget allotments
for 1921 were agreed upon:

Clareholm	\$500.00
Granum and Jumbo Valley	500.00
High River and Cayley	800.00
Nanton and Parkland	500.00
Okotoks and Aldersyde	500.00
Vulcan	500.00
Tongue Creek	200.00
Dinton and Gladys	400.00
Ensign, Red Cross, etc.	200.00

Rev. A. E. Hayes invited Presby-

UNRESERVED

AUCTION SALE

Henry Ernst, having sold his land, has instructed the undermentioned to sell the following
at his farm, section 15-19-24, being 14 miles north of Vulcan and 14 miles east of Blackie,
on

FRIDAY, MARCH 11, 1921

LOCAL ITEMS

Mr. and Mrs. Les Middleton, who have been spending the winter months visiting at the coast cities, returned home on Thursday evening.

Mr. J. Munson, an old resident of Vulcan, but now of Didsbury, was a visitor in town for several days last week on business.

Quite a large crowd from Champion and Carmangay came up for the concert held in the Opera House on Friday evening last. They all report having had a splendid time.

Mr. and Mrs. A. G. Dickenson, who have been visiting at the coast for several months returned home on Thursday last.

The boys of the Bank of Commerce staff gave a party in the bank apartment on Monday evening. About 24 guests were present, dancing was indulged in and a very enjoyable time was had.

In the report of the annual meeting of the ratepayers of the Municipality of Marquis in our issue of two weeks ago an error was made in the resolution made by Mr. Wainwright, which should have read as follows: Mr. Wainwright made the following resolution, seconded by J. Dann, "That this meeting recommend to the incoming council the advisability of in-

quiring into the system in vogue at Strathmore and if they see fit, to have a road supervisor to supervise all the roads in the municipality."

Miss Rilla Watt entertained about seventeen of her friends at a birthday party on Friday afternoon. A wonderful tea was served by Mrs. Watt and Mrs. Butchart, which was thoroughly enjoyed by all present. All kinds of games were also indulged in and a very enjoyable time was had.

Mrs. W. M. Walker and children, Eunice, Alice and James, also Mr. J. Walker, will leave shortly for Brandon, Manitoba, where they intend making their home on a farm. Mr. W. M. Walker will leave later.

Mr. and Mrs. Stanley Meningway and family, of Reid Hill, moved to Vulcan and will in future make their home here.

Mr. Geo. Armstrong, who has been suffering for some months past with rheumatism, left on Wednesday for the coast where he hopes to regain his lost health.

Mr. and Mrs. L. H. Wallace, of Estuary, Sask., who have been visiting for some time in Vulcan with their son, Mr. C. Wallace, returned home this week. With the continued good weather and signs of an early spring, Mr. Wallace is anxious to get home and get to work on his farm.

It is desired that everyone should become aware of the law which is in force which provides that no one may have guns in his possession without having a permit. Permits may be had on application to a police magistrate. As there is no magistrate in this district, the A.P.P. have arranged to have a Police Magistrate appoint a date on which he will be in Vulcan for the purpose of issuing these. Notice of the date set will be given later.

Mr. S. F. Fidler, Provincial Censor, of Edmonton, was in town on Friday last in connection with the raising of the status of Vulcan from a village to a town. All the requirements for this purpose were found to be satisfactory and he returned to Edmonton in the evening, where he will make the necessary arrangements for the change. The population of the town is 800.

Mr. and Mrs. Mills, of Vancouver, who have been spending the past few weeks visiting in the district with relatives and friends, returned to their home on Friday last.

Practice for the Adult Choir of the Union Church will be held on Friday evening next in the church at 8 o'clock. All members are requested to be on hand.

A special business meeting of the Ladies' Aid will be held at the home of Mrs. Allan, on Thursday evening next at 8 o'clock. All members are requested to be present.

Mr. R. E. House, who has been visiting at the coast cities for the past few weeks, returned to Vulcan on Saturday last.

The pictures shown at the Opera House the past week have been of the usual high order and have attracted good crowds. The management have some extra special ones coming in the near future so keep a lookout for the announcement of the dates. Tuesday last the "Country Store" was pulled off and prizes given for the holders of the lucky coupons. The holders of several numbers which were called were not there which was unfortunate for them but good for the people who did eventually get prizes.

Rev. Dr. Langfeldt, of Edmonton, representative of the W. F. Quarrie Co., Toronto, introducing the new Encyclopedia, "The World Book," spent several days in Vulcan the past week.

An important business meeting of the U.F.A. will be held on Saturday next, March 12th at 2.30. All members requested to be present.

Car of Lump Coal on track Thursday, Friday and Saturday—Home Grain Co.

Mrs. G. E. Pettman will receive on Wednesday, March 16th and afterwards on the third Wednesday of each month.

RED CROSS NEWS

The Messrs. A. C. and E. Love motored to Calgary on Wednesday evening last, March 2nd, and report that the roads are in fine shape for traveling. They returned on Thursday evening.

The young folks from here motored to Loma last Friday evening and took in a dance. This is the first dance they have had this winter and it certainly was a good one. The crowd was small on account of there being other doings in the district on the same night but all had a good time and we all look forward for another dance there in the near future.

The Red Cross W. I. held a whist drive last Friday night, March 4th. The crowd was small but all had a wonderful time. The ladies' first prize was won by Mrs. M. Stager and the booby by Mrs. J. M. Love. The gentlemen's first prize was won by Mr. Solombough and the booby by Mr. J. Murdock.

The W. I. are putting on a big Masquerade Ball in the school on March 18th, and everybody is welcome. There will be four prizes to be competed for and all are good ones. The W.I. are no cheap ones, they get the best for their purpose. Everybody remember the date and come and have a good time. The music will be supplied by the Love-Rushfeldt orchestra.

There must be something in the wind when three young men go to Calgary after dark and return after dark. If looks as if something is being kept in the dark. We are wondering if wedding bells will soon be ringing.
